### REASONS FOR ALLOWANCE

1. Claims 1-2,6-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, *the coil insulating material is integrally molded with the primary spool so that the coil insulating resin material defines and forms the primary spool and integrates the secondary coil and the primary spool into a single body.*

Claim 8 recites, inter alia, *the coil insulating material is integrally molded with at least one of the primary spool and the high voltage tower so that the coil insulating resin material defines and forms at least one of the primary spool and the high voltage tower.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
